PRESIDENT'S MESSAGE

A howling success! A heap of fun! A rambunctious crowd! A bunch of spendthrifts! These are all terms to describe the last two big shows I attended - the Michigan State Show in Dearborn as well as the F.U.N. Show in Orlando, Florida. Both were well attended shows by the collectors and most were able to add to their collections. I added three Michigan notes (Nationals) to my collection when I was able to obtain a note from Marshall, Lyons, and Capac, all large size notes. This is the kind of stimulus it takes to keep the fires burning toward your collecting goals. All of us collectors find highs and lows in our course of achieving an

endpoint in our collections. Due to a lack of funds on our part at times, but also due to a lack of material that may be available in the marketplace.

It is this great desire of ours to search out these little treasures that is finally a feeling of great self-satisfaction when we're able to find something we need. Without this yearning desire there would be no collectors and without any demand then no value placed on old material and this would be lost, due to destruction, all of our important historical items such as coins, paper money, and other historical documents. I believe all of these items to be on an ever increasing demand schedule in the future though and therefore an ever increasing cost involved! For this reason many investors have entered the field but have only gotten into the slabbed coins. I don't feel we will ever see the day when a piece of paper money is put in a slab! Wouldn't that be a catastrophe? Grading has not been that big a factor in most currency such as Colonials, Obsoletes, and Nationals. Grading has been involved in increased costs of super gem notes especially in the field of major large size types notes and fractionals. The investors got their toes into the Market in 1979 & 1980 into some of the large size type notes and run up the price on some of these and they have subsequently returned to the true market price.

This is a wait and see type of economy at the present time. After the October 19th (Black Monday) stock market loss most investors seem to be flush with cash rather than re-investing into the stock market but also have not bought into the metals, or collectibles.

PRESIDENT'S MESSAGE con't.

Not one of these fields have had a surge of growth as people are leary of which direction we're headed. Caution seems to be measure taken by all investors.

Stick to your collecting goals and enjoy the hobby. Next to your family it can be your greatest love because when the bug bites it will be with you for a lifetime. Hope to see you at the Michigan State Show in Flint on April 15, 16, 17th. GOOD COLLECTING!

GARLAND, TEXAS NATIONAL BANK NOTES
by Frank Clark #2104

Garland is a suburb of Dallas that is located in the northeast corner of Dallas County. Today it is the second largest city behind Dallas in the county.

There were two national banks chartered in Garland that issued national bank notes. There was also another national bank in town that elected not to issue notes, and a state bank. This article is about the National Banks that did issue notes.

THE CITIZEN'S NATIONAL BANK of GARLAND

The Citizen's National Bank of Garland was chartered in February 1904 with charter number 7140 and capital of \$50,000. CNB's motto was "Confidence Never Betrayed". This bank issued \$5, \$10 and \$20 Third Charter Red Seals, \$5, \$10 and \$20 Third Charter Date Back Blue Seals and \$5, \$10 and \$20 Plain Back Blue Seals. On June 16, 1919 the bank changed its title to The First National Bank of Garland. The bank voluntarily liquidated itself on January 20, 1931 and it was absorbed by The State National Bank of Garland. The First National Bank issued \$5, \$10 and \$20 Third Charter Plain Back Blue Seals and \$5, \$10 and \$20 Series 1929 Type 1 small size national bank notes. The total amount issued for circulation was \$976,640. The amount outstanding at close was \$8,310 in large size notes and \$35,200 in small size notes.

THE NATIONAL BANK OF GARLAND

The National Bank of Garland was chartered in November 1905 with charter number 7989 and capital of 450,000. This bank issued \$5, \$10 and \$20 Third Charter Red Seals and \$5, \$10 and \$20 Third Charter Date Back Blue Seals. The bank changed its title to The State National Bank of Garland on January 23, 1913. Under this title the bank issued \$5, \$10 and \$20 Third Charter Date Back Blue Seals, \$5, \$10 and \$20 Plain Back Blue Seals, \$5, \$10 and \$20 Series 1929 Type 1 small size notes and \$5, \$10 and \$20 Type 2 small size notes. This was the bank that absorbed The First National Bank. The total amount of circulation issued was \$2,016,690. The amount outstanding in July 1935 when the national bank program was discontinued was \$2,650 in large size notes and \$93,750 in small size notes. The bank still stands today. The outside remains unchanged and is now a sandwich shop.

The National Bank of Garland

John T. Jones
President

A.R. Davis
Cashier

One of the biggest stories ever reported in the Garland News was in the April 2, 1927 issue which reported the bank robbery of The First National Bank on April 1 - April Fool's Day.

A lone bandit walked into the bank which was on the northeast corner of the town square. He jammed a gun into W.C. Jamison's ribs and demanded all of the money. Jamison handed over almost \$5,000. The robber only wanted notes and he did not want the silver coin.

The robber locked Jamison, Mrs. Oscar Morrison and another man in the vault.

BANK ROBBERY con't

The bandit left the bank, got into his car and drove west out of town.

J.L.Ford showed up at the bank a little while later. He did not find anybody, so he notified the police.

The robber overturned his vehicle during his getaway. He was arrested, tried, convicted and sentenced to life. He did not serve a full sentence. His name was R.R.Carter.

It was also reported that since it was April 1, several people earlier had walked into the bank and had said "This is a bank robbery!", and the bank officers had always taken it for an April Fool's Day joke, until it actually happened.

The president of the bank, L.L.Caldwell, was at home eating lunch during the robbery. He was notified of the robbery over the phone. He thought it was another April Fool's Day joke and he finished his lunch not thinking twice about it. He arrived later at the bank and found out it was no joke!

Standard Catalog of National Bank Notes by John Hickman and Dean Oakes

STAR NOTE DISCOVERIES, SERIES 1985

by Robert Jackson #1605

At least three denominations of Series 1985 Star notes have been found so far from districts that were not reported on the B.E.P. monthly printing announcements.

Based on trademate reports and my own finds, here are the unannounced district star notes distributed and personally verified as genuine.

<u>DENOM.</u>	<u>BEP STAR PRINTINGS FROM PUBLISHED LISTS (thru 10/87)</u>	<u>UNANNOUNCED *</u> <u>APPEARED</u>
\$1.00	G* H* L*	E*
\$5.00	C* E* F* G* K*	none yet
\$10.00	H* K*	A*
\$20.00	B* D* E* K*	C* and G*

Who has more 1985 Star Blocks to report? In the \$50.00 notes, two star districts (A and G) and in \$100.00 just one star (K) have been on the BEP Reports. It would be nice if we could get some REVISED B.E.P. figures for the actual printed blocks. Otherwise, we may have to seek High and Low Reported Serial numbers for each unannounced block, similar to the data in Chuck O'Donnell's Handbooks.

In an upcoming issue, I will make a more complete report on star note appearances using collector feedback. Your assistance will be appreciated.

Note: Presently, I do not have extras of any above star notes available for sell or trade. If I do acquire trade quantities at a later date, they will be in \$1.00 and \$5.00 only.

Robert Jackson, PMCM 1605, 5825 Terrace Park Dr,
Dayton, OH 45429

Ed. Note; E* \$1.00 notes have been reported in the Feb.
Bank Note Reporter, a month after receiving
this article.

FEDERAL RESERVE NOTE EXCHANGE LIST

Chairman: B. Joseph Mikolajczyk #1767
603 Parchmount Avenue
Parchment, MI. 49004

This exchange list is open to all paid-up members who would care to help fellow members, as well as themselves, exchange current FRNs. If you would like your name added write to me at the above address. DON'T WRITE TO THE EDITOR as it adds to his work and delays your request.

The following PMCM members will exchange current FRNs they have available with other members at face value, plus SASE.

SERIES 1899 SILVER CERTIFICATES

from Florence M. Schook
PMCM #4

Series 1899 Silver Certificates constitute the fourth issue of this genre of note. They come in \$1.00, \$2.00, and \$5.00 denominations, all of which are shown here. The series succeeded the famed 1896 Educational Series and was supplanted in 1923 by a \$1.00 note that in certain respects is similar to what we use today, and by the \$5.00 Lincoln Porthole note (there was no \$2.00 specimen in this issue). This series is notable for the many signature combinations that it presents. The obligation reads: "This certifies that there have been deposited in the Treasury of the United States -- silver dollars payable to the bearer on demand. This certificate is receivable for customs, taxes, and all public dues and when so received may be reissued." The individual notes are more completely described as follows.

SILVER CERTIFICATES con't.

\$1.00 -- The note was engraved by G.F.C. Smillie and features The Eagle of the Capitol (Black Eagle) above portraits of Grant and Lincoln (the latter based upon a Matthew Brady photo). There are three types of this note. They follow, together with the signature combinations in which they are found:

- (1) Series date above serial number at upper right (Lyons-Roberts)
- (2) Series date below serial number (Lyons-Roberts, Lyons-Treat, Vernon-Treat, Vernon-McClung);
- (3) Series date vertically at the right (Vernon-McClung, Napier-McClung, Napier-Thompson, Parker-Burke, Teehee-Burke, Elliott-White, Speelman-White).

\$2.00 -- These notes feature an engraved head of George Washington between figures of Mechanics and Agriculture. The face was engraved by G.F.C. Smillie, M.W. Baldwin, F.W. Montgomery. R. Ponickau, and G.V. Rose. The back was engraved by D.S. Donaldson, F.M. Hall, W.F. Lutz, J.P. Prender, R. Ponickau, and G.V. Rose.

\$5.00 -- The face has as its central figure the engraved head of Ta-to-ka-in-yan-ka, also known as Running Antelope, a member of the Oncpapa Sioux tribe. It is popularly called the Chief, Indian Chief, Running Antelope, Oncpapa or Oncpapa note. This bill is the only United States currency issue having an Indian as the central device. In an interesting bit of artistic license, Running Antelope was capped with a war bonnet of the Pawnees, mortal enemies of the Oncpapa Sioux. G.F.C. Smillie, F.W. Montgomery, E.M. Hall, E.E. Myers, R. Ponickau, and G.V. Rose collaborated to engrave it.

The following table indicates the several signatories upon these notes, their terms of office, and the number printed for each denomination and signature combinations.

(page 11)

BEP REPORTS !

Information from Doug Murray indicating that the 1985 \$1 with BM, BN, and LM, are a first for the Bureau of Engraving and Printing. With the postponement of the anti-counterfeiting devices, it is entirely possible we could see a 1985A series?

ON THE COVER

Military Payment Certificates Series #481 issued June 20, 1951 withdrawn May 25, 1954 in denominations of 5cents, 10 cents, 25 cents, 50 cents, \$1 dollar, \$5 dollar, \$10 dollar, used throughout Europe and the Far East and Iceland, Yugoslavia, and Scotland.

MULES, CHANGEOVERS OR BOTH
by Gregory L. McNeal
PMCM # 1566

The 1985 Series has provided a situation that has caused mass confusion, at least it has for me. The confusion is with what to call the 1985 Series notes with the 1981-A Series Back Plate (BP) numbers. These are BP numbers 120-182. Some of the numbers have been seen only on the 1981-A Series notes. Others have been seen only on the 1985 Series notes; and some have been seen on both. To add to the confusion, some of the BP numbers are larger in size than others. So, are the numbers that appear on the 1985 Series notes only, changeovers? And, are the numbers that appear on both Series mules? And then, what are the notes with the larger size BP numbers? Since the 1985 Series started over with the number 1, we now are seeing notes higher than 185. This indicates that we could have BP numbers 120-182 twice on the 1985 Series (once at the start and now, some two years later). It also indicates that some of these numbers could be larger in size (a small 171 and a large 171 for example). Since I am not sure what to call these notes, I am interested in hearing your views. What do you think?

For your information, I have listed the fruits of my labor below. I hope you find it useful. If you can improve on any of the data, please let me hear from you.
